INTRODUCING ST TEATH SCHOOL'S FIRST WOMAN HEADTEACHER IN ITS 150 YEAR HISTORY!

My name is Juliet Davies and I am extremely proud and privileged to be the new acting Headteacher at St Teath Primary school from September. I have been at the school for nearly three years, working as the class teacher in Willow class (KS1) and as SENDCo, and have loved working with the children, parents and staff.

St Teath Primary is a wonderful village school and we want to provide all our children with positive memorable experiences both in the classroom and in the outdoor environment. As Headteacher, I will ensure that the school supports the community and is an integral part of village life.

I am a married mum with three children and away from school I love being outside in the fresh air – running and taking coastal walks with my husband and two dogs.

I am looking forward to driving the school forward.

ST TEATH SCHOOL REPORT

I am writing this, my final Timepiece entry, in the last few days of education for me. As I told the school community a few weeks back, the last couple of years have been amazing; I've loved serving this school and community, but am now looking for a different work-life balance after giving my all to the job. I'm hoping I can still support events. I would like to thank all the community who have supported me these last two years.

Teathletics was a major event this term, Jack devised an opening ceremony and two full days of running, throwing, jumping and other sporting skills. The children competed as 12 different counties. Sport is such a big focus at our school: something I am sure Jack will continue long after I've gone.

Oak class (year 5/6) performed their production of *Oliver!* This was quite simply a stunning performance under the directorship of Mr. Howard. Seeing how the children have grown each year for our theatrical performances has been something I have loved witnessing in my time. The quality of the acting, stage directions, singing and dancing is mind blowing: with special mention to those who sing solo on stage so well.

There have been lots of super school trips this term. Sycamore Class went to the Hall for Cornwall for The Big Sing event; Willow Class went to Newquay Zoo and in the penultimate week of term, we took most of our year 5/6 children to London.

The children had the chance to embrace culture by visiting the Houses of Parliament, the London Eye and Downing Street. They also went to Covent Garden, Leicester Square, a Sikh Gurdwara and museums.

I would like to take this opportunity to wish our Year 6 leavers the very best as they head to their new secondary schools. DAN KAY

FROM OUR COUNTY COUNCILLOR

So far this year we have seen the driest February on record followed by double our expected rainfall in March, and now the news that we have globally experienced the warmest week in at least 100,000 years! Climate Change is affecting our weather faster and deeper than predicted and the need to decarbonise our society has never been more urgent. Unfortunately, we are not only failing globally - but also locally.

A report to our Economic Growth & Development Scrutiny Committee at Cornwall Council contains the following information about Cornwall's journey to net-zero with special regard to road transport:

Whilst transport emissions did see a reduction linked to Covid-19 pandemic restrictions, data for 2022 shows that levels have already almost returned to pre-pandemic levels, and we see a steady double-digit percentage increase each year since. In Cornwall alone, daily vehicle kms are expected to increase from 15.5 million kms in 2019 to 18.6 million kms by 2030. It is clear that, even setting emissions aside, this level of growth is just unsustainable and could not be supported by Cornwall's communities, environment and infrastructure.

For this and many other reasons, I recently proposed that we make **Active Travel** (walking & cycling) a priority for our new Community Network Partnership - a group which brings together all the villages I represent as well as the towns of Bodmin and Wadebridge and many rural parishes that surround them. I am pleased to say that this has been supported by local councillors across the area. One of the specific measures I would like to introduce is an extension of the current Sustrans cycle routes to better connect our rural villages with Wadebridge, Bodmin and Camelford whilst avoiding using the A39 and the B3266 and providing safer crossings where required. It could also enable much better connectivity with the Camel Trail for many more residents.

My hope is that these could be used as much for work as for leisure or tourism and play a small part in reducing our dependence on cars, whilst being better for our physical and mental health.

Before the advent of e-bikes the challenge of cycling the Allen and Camel valleys would have been beyond the capabilities of all but the fittest of people, but e-bikes are a game changer when it comes to hills. They are more expensive than normal bikes (but much cheaper than running a car), and if your employer has signed up to the government Cycle2work scheme you can get a significant discount whilst using salary sacrifice to spread the payments over 12 or 18 months.

If you have any strong views on this, please get in touch and I hope to provide regular updates over the coming year.

RACE NIGHT

Due to lack of support on the race evening RACE NIGHT was cancelled, but thanks to the generous support of those who sponsored races and to kind donations, the defibrillator will be installed at Rosewater Park on July 28th. It will of course be available to all who may need it. The Race Night will be run after the summer holiday season, using the original sponsor/horse details from the cancelled event. Thank you all. DELABOLE CARNIVAL

Although St Teath and Delabole have had their differences in the past, our hearts went out to their Carnival Committee when we heard that they had been forced to cancel the whole event due to the appalling weather and resulting destruction of the carnival marquee. Knowing how much time, effort and hard work, not to mention expense, goes into the preparation for a carnival, St Teath Carnival Committee have decided to donate the proceeds of our carnival procession on 29th July to Delabole. Collectors from Delabole will join our parade and we hope you'll be generous in your support. We can only wish them better luck for next year's carnival celebrations.

A READER WRITES...

It is amazing how quickly babies, initially so reliant on an adult for everything, start to crawl. Their parents' eyes have to be everywhere, don't they? Then, it seems no time at all before curiosity gets the better of them and they take their first few, wobbly steps, a joy to behold, and soon toddle all over the place. Before long, they may start at Pre-School, then School and so on, always developing, learning, gaining new skills. Where does the time go?

As children develop, they also grow physically, often at a great rate; quickly out-growing clothes before they are anywhere near worn out, leaving parents possibly in a quandary - what to do with their outgrown yet in still very good condition clothes? Unless there is a family member or friend to whom they can be passed on, and with very few local charity shops, items may either stay in the cupboard or be thrown out; both of which are a shame.

There are also many people who, in this economic climate find it difficult to keep purchasing new as their children out grow their clothing.

The local churches, St John's Delabole, St Teath and St Thomas' Camelford are preparing to take part in, '**The Grace Project**', aimed at serving the community by taking the gift of pre-loved clothing [children from 0-12] and re-distributing to those in need, working with Egloshayle Church in Wadebridge, who piloted this project.

We have collection points in the above churches for community members to drop in pre-loved clothing, which will be taken to Egloshayle, sorted and re-distributed within the communities as requested. We are at the beginning of setting up this activity; there will be more details to follow as to how you can request and receive items you need.

So, if you have outgrown clothing, for children aged 0-12 [no used underwear please; but donations of new underwear welcome] please drop into the pink **Grace Project** containers in St John's, [inner porch] St Teath and St Thomas; each church is open during the day.

Thank you in advance.

Church and Pub - two key places in the Community...

On July 1st, Bishop Philip [Truro] and Bishop Hugh [St Germans] spent an afternoon in St Teath church hall, sharing and meeting with members of a number of churches in the area. They visited the church and were impressed to see the work of the children's team, along with the beautiful way the church and grounds are kept.

They then popped over to the pub! Pictured are Bishop Philip pulling a pint and Barry having a good chat with Bishop Hugh; a scene of real team work. Barry was quite impressed with Philip's bar skills, but won't say if he offered him a job!!

In recent news, Bishop Philip is to leave his post as Bishop of Truro in the autumn; he has been 'headhunted', and will become the Bishop of Winchester; we thank him for his work here over recent years and wish him God's blessing.

JAZZ IN THE VICARAGE GARDEN

On a perfect summer's evening in late June Sue and Tom Imber opened their lovely garden for villagers to come and relax with a glass of Pimms and listen to jazz from Stubby's band, plus clarinet soloist, Tom Jnr and young singer, Bailey McIlroy, who is only just about to leave St Teath Primary School at the end of this term!

The atmosphere was relaxed and friendly as everyone enjoyed what has become the rare treat of getting together with friends and neighbours to share a community event. The children scampered around playing hide-and-seek among the trees and bushes, while the adults partook of the copious supplies of food and drink and a thoroughly good time was had by all.

As a bonus, almost £2,000 was raised to purchase new bell-ropes for the church. Heartfelt thanks go to Sue and Tom for hosting this hugely successful event.

A METHODIST MINISTER'S VIEW

Earlier in the year there was a letter in the Readers' Letters column of a newspaper in which the writer stated that he had been asked by a friend in Belgium why Britain was becoming a third-rate country. I did not see any follow-up to that letter, but as I have been thinking it seems to me that we can be lulled into that opinion.

My thought processes change when I start thinking about some of the work undertaken by charity groups for people whose life situations are much different from ours. For example -

Water Aid, whose advertisements you will have seen on television. They work to get water supplies into settlements overseas. We take water on tap in each house as being the norm.

Our Methodist Church's Relief and Development agency called '**All We Can**' has been supplying bicycles to people in Ugandan villages to help them to move around more easily. Compare that to your transport arrangements.

Mary's Meals, a Scotland based charity, is currently supplying some 2.4 million midday meals for school-children in some 18 countries overseas, such as Malawi, and Haiti. Through this, children are able to concentrate on learning, but for many it is their only meal of the day. Unfortunately, the demands on this charity are increasing.

We could add other examples to the above such as the work of Christian Aid, Oxfam or our Cornwall based charity, Shelter Box. The horrifying thing is that the situations these charities address are the reality of life for so many people.

In July the 75th Anniversary of the founding of our National Health Service was celebrated. This serves as a reminder to us of how fortunate we are and reminds me of a hymn which has been around for many years. Some lines of the hymn are: -

*Count your blessings name them one by one.
And it will surprise you what the Lord has done.*

On the occasion when the apostle, Paul said goodbye to friends at Ephesus he commented, *There is more happiness in giving than receiving* (Acts 20:35)

It is sobering to allow ourselves to be challenged by all of the above. Every blessing in your thinking.

LYNNE'S LENDING LIBRARY

As well as continuing to provide invaluable Post Office services and indispensable medical supplies from Port Isaac Surgery, LYNNE has now started a village Lending Library where for a small donation to charity you can borrow from a huge selection of books. There is no greater pleasure during the summer months than to set up your deckchair in a quiet spot and lose yourself in a book. As someone once said, *Money can't buy you happiness, but it can buy you books which is the same thing.* And now you don't even have to buy books, you can just borrow them, enjoy them and return them for someone else to enjoy. You also have the bonus of contributing to charity at the same time. Thank you, Lynne,, for this brilliant idea.

The best moments in reading are when you come across something - a thought, a feeling, a way of looking at things - which you had thought special and particular to you. And now, here it is, set down by someone else, a person you have never met, someone even who is long dead. And it is as if a hand has come out, and taken yours

New Play Equipment

By now you will have hopefully all seen the new play equipment that has been installed on the Village Green. This is as a result of a significant investment by the Parish Council and we are hoping to add some new and improved picnic benches too to help make the area even better.

The Parish Council is always keen to hear your thoughts on how we can make the village better for our youngsters, so please do get in touch.

St Teath Community Sparks Fund

If you are a club or organisation based in St Teath then please do consider submitting an application for funding support through our new Community Sparks Fund.

Each year the Parish Council will be earmarking a budget line to use to award small grants to enable groups and individuals to kick start and grow their new projects or existing initiatives. The Council is particularly interested in helping to fund ideas that have a positive impact on the village and allow people to feel a greater sense of belonging and involvement in the community.

Please message the Clerk on clerk@stteathparishcouncil.co.uk if you'd like a copy of the application form and the deadline for requesting funding support for 2023/24 is 30 September 2023. The Parish Council look forward to receiving applications, which should be emailed to the Parish Clerk on the email above.
