OUR THANKS TO THE SHOP AND POST OFFICE

Amid all the excitement and anticipation of the forthcoming Jubilee celebrations, there comes the very sad news that St Teath Stores is to close at the end of April. It's exactly one year since Jess opened the shop to great rejoicing from villagers. Unfortunately, the competition from online shopping and the effects of Covid making older residents still reluctant to risk going out, have made it impossible for Jess to continue. We are very sorry that circumstances have conspired to shatter Jess's hopes and ambitions for our little shop and we would like to thank her on behalf of the whole community for all her efforts and perseverance over this difficult year.

We are also hugely grateful to Lynne for providing post office services – and for her assurance that this will continue, as will the prescription service for the time being.

ST TEATH SCHOOL REPORT

It's possible that this might just be the busiest month yet in my time at the school, with lots of lovely things happening. Firstly, it has been so good to welcome our parents back in for Parents' Evenings for the first time in ages. Recently we have been restricted to online meetings which, while still useful, are not the same as face to face and the opportunity for parents to see the books of which their children are so proud.

This month, our year 5/6 children had the opportunity to take part in a primary themed 'escape room,' where children had to complete puzzles to unlock boxes in a race against the other children. This was a great opportunity to develop teamwork, creative thinking and resilience- key skills as we progress through life.

This has also been a busy month for sport, with 2 netball teams travelling to Callington to play against the best East Cornwall schools. Our two teams did extremely well, finishing 3rd and 5th respectively. All players have grown considerably as netballers since we started the club in January. The girls' football team, fresh from victory against St Minver, faced Wadebridge in the County Cup semi-final. The game was a tense affair, level, goalless, at the end of normal time. Extra time saw the two evenly-matched sides battle until the very last minute, when Wadebridge scored to knock us out. This week, we played in a 6-team touch rugby tournament at SJS. Our teams: Tornadoes & Warriors, played Camelford, Otterham and St Breward sides. Tornadoes won all 5 games to finish as winners and our Warriors team won the majority of their games to finish 3rd overall - a great achievement.

We have had a variety of visits this month, giving the children the chance to learn outside the classroom through different experiences, such as trips to the Eden Project, Truro Museum, Royal Cornwall Showground, the Fire station. All of these further the children's learning and ensure they fully immerse themselves in the topic.

This month we had Daya, a Sikh lady join our classes and teach the children about diversity and culture. The children had the opportunity to learn about artefacts from other religions, as well as the chance to try food, dance and items of clothing.

We are trying to add to our sports kit now we have more teams and are entering more competitions. We have had a kind offer of a donation. If anyone else in the village would like to support what we are trying to achieve in sport at the school, we would be very grateful. Please contact myself (head@st-teath.cornwall.sch.uk) or Jack, our sports lead.

Best Wishes to you all for the month ahead

ST TEATH PRESCHOOL

The Summer term is well underway and summer plans are in full flow. It is wonderful to be able to spend more time outdoors in the fresh air and sunshine!

We currently have 31 children on our books and will be working closely with our transition to school group in the coming months to prepare them for their exciting venture into school. We are unable to take on any new children this term, as the preschool is full. Please get in touch if you would like to add your child to September's waiting list- it is already filling up with limited spaces. We will be contacting everyone who has applied in due course once we know our availability

Special thanks:

Special thanks go to everyone for their amazing fundraising efforts during our Spring Term. A massive total of £1290 was raised by our committee, staff, parents and wider community through our Bags2School, Bingo Night, Easter Disco and Money Tree fundraisers! We have used the money towards the purchase of new iPads and ICT equipment for the setting, as well as towards organising an exciting Forest school day with Woodland Spirit.

A huge thank-you to Alfie at Endurance Surfaces Ltd for his kind donation of artificial grass for doing up our outdoor area for our younger children.

Thanks again to Sue with 'Open the Book' for her visits to the children with Annie and Spike- a much loved addition to our curriculum that the children eagerly look forward to.

Learning:

Last term the children enjoyed learning about space, Life cycles, Mini beasts, and Spring down on the farm! They even had a visit from Lennie the real-life lamb. He will be visiting again this term to help the children understand growth and changes over time. We also have an exciting visit from a tractor planned. This term we will be focusing on people who help us, sports, science, beach safety and the weather!

Dates for your Diary:

Sunday 26th June 2022- Summer Fete- keep your eyes peeled for more info soon.

We will let you know the next Bag2School collection date as soon as possible; you are welcome to drop any bags to the allocated shed.

*If you would like more information about the Preschool, including child spaces, or would like to volunteer your services, please **contact** us on 01208 851548 or email stteathpreschool@talktalk.net*

ST TEATH BUTCHER'S

Our wonderful butcher, Kevin, has been forced to close the shop for an indefinite period from 3rd May, due to his forthcoming operation and convalescence. For all those villagers who are now at a loss to know how they will survive without regular supplies of Kevin's marvellous meat, there is some good news. Button Meats, (who normally supply Kevin) have agreed to take orders over the phone. Ring 01208 851161, tell them you are a customer of Kevin's and they will deliver to your home. Of course, if you only need a small amount of meat, it would be helpful to combine your order with that of a friend or neighbour.

We wish Kevin all the very best with his op and a restful time of recuperation and recovery afterwards. He has certainly earned a break and we hope he will return refreshed, hale and hearty after the summer.

St Teath Neighbourhood Development Plan Your Village Your Future.

Although the first deadline for completion is past I am asking, nay PLEADING that if you or members of your family have not completed the consultation questionnaire please do so. It is very important that we get back as much information from you as possible if we are to deliver a plan that is for everyone.

Here again are the ways by which you can do this:

- Use a paper copy available from the café.
- Download a PDF version from our website at <https://stteathndp.co.uk> complete it and return to the café
- Complete the online survey at <https://s.surveymonkey.com/eaavkpiq>.
-

Remember anyone in your household can complete one of these questionnaires.

Thank you for your co-operation

BOB & KERRI

Thank you to our St Teath Church bellringers - ,

-who send the sound of bells across our village each Monday evening and before services - and especially for last Sunday. A dad and his young daughter, who were staying in the village, came into church because the little girl was fascinated by the sound as they walked past the tower. The bellringers made them very welcome and showed her exactly how they would ring a peal. One very happy little girl and a special memory to take home from our lovely village!

News from WILL BACCHUS and his dogs

Since lockdown was lifted, Will, the son of Lee Bacchus (ex-Head of St Teath school) and his dogs have been going from strength to strength. Will and Rudi ran in three finals at Crufts. One mistake in the first one dropped them from 1st to 6th (it's that close!). He was 2nd in the second final and the pair managed to win the 3rd final they were in. That is their 4th Crufts title together!

After this Will and Rudi were at the final try-outs to get into the Junior Great Britain team. It was a really tough week-end, but they finished with two second places to make them the top pairing overall and **they are in Team GB for the Junior World Open Agility Championships in July**. The event is in Finland, so they will be driving to Scandinavia, through France, Germany, Poland and Estonia before a ferry takes them and their van into Finland – exciting times for Will and his parents!

You can find lots of information, videos and photos of all their latest escapades on Will's website (willbacchus.com)

Clink Charity Collections

To help refugees and local charities, volunteers from St Teath and St Tudy are collecting the following: **warm coats, boots, trainers, tents, sleeping bags, blankets, children's clothes and shoes (up to 10 years), and men's jeans, joggers and jumpers.** All items must be clean and in good repair.

You can drop any of these items off at **The Clink on the second Saturday of every month – 10am – 12pm** - and join us for coffee and cake!

If you have any of the items listed, but can't get to **The Clink in St Tudy**, or if you would like to help the team, contact Jo on 07758234587

From St Teath Parish Council to Cornwall County Council

In response to the consultation documents produced by Cornwall Council for the traffic calming and 20mph scheme in St. Teath, we would like to make the following comments and raise our concerns.

Virtual footway outside the school. The feasibility study deemed this unsafe, yet it has been included in this consultation. We are totally against the installation of a virtual footway and request a return to the original design where a physical footway is in place. If this isn't possible, we would rather have no footway at all. We believe, as does your own feasibility study, that a virtual footway will give a false sense of safety. These are funds poorly spent and do nothing to keep our children safe.

Removal of all speed humps.

Our original design includes a set of speed humps at intervals throughout the village. These have all been removed. There are no physical measures in place through the narrowest part of the village, where the highway isn't wide enough for a footway. Why?

20mph extended to the Pre school.

Currently the 20mph stops on North Road, not far beyond the primary school. Our Preschool and sports field are beyond this point and we previously requested that the 20 zone be extended the short distance to Preschool. These are the youngest and most vulnerable members of our parish, and their walking route is not covered by any of the new scheme. Why not?

Section 106 funds.

We have asked on numerous occasions through our County Councillor to see a full and transparent breakdown of the costs. A sum of £80,000 was costed by the council and secured through a section 106 agreement for the scheme. The scheme now presented is a far smaller project. Why can't we see the costs?

We are expected to make comment on this consultation by 13th April, yet you have not, or will not provide us with the costs we have asked for. You will be aware that a planning application was passed, and a new housing estate has now been built with a section 278 agreement on a footway and build-out. This planning contradicts the original scheme designed for the section 106 agreement. Firstly, this seems to be the reason we cannot have a physical footpath outside the school; secondly, it is paying for one of the build-outs in our original design, yet our costs haven't reduced. Why? We do not accept that a mistake made by the planning department should mean our self-funded traffic calming scheme has to adapt to fit a newer section 278 agreement. The developer has the right to an open book costing and will be requesting their funds back if not used for the purposes in the original section 106. Since very little of that original design is in the latest consultation, be aware that the developer is minded to recover his funds.

Ocean housing development

The section 278 agreement forming part of Ocean housing development on North Road is proposed on a piece of land under disputed ownership. The parishioners in question are seeking legal advice and will not give up part of their driveways to accommodate a new footpath. We believe the solution to this is for the original footway to be reinstated outside the school at Ocean Housing's expense. We are sure you will agree this will save costs for both Ocean housing and highways, as well as releasing the works to be completed and the houses (which are complete) to be occupied.

In the last three years there have been two hit and runs in St. Teath, one of which was a fatality. The measures in this consultation do not go far enough in making the roads through our village safe for the community. We will be seeking legal advice and would like to receive a formal written response including a breakdown of costs within the next 7 days and invite a member of the Highways team to discuss the matter further at our next Parish Council meeting on 7th April.

No response has been received and no one from County attended the PC meeting.

So what is 'Breakfast Church @ St Teath?'

You may have seen posters around and wondered what occurs on the 4th Sunday of the month, 10am in St Teath Church - yes, the bells really do ring an hour earlier than usual! Here are some photos from last time, March; Mother's Day, when we gave thanks for mothering, nurturing love and pondered God's love for us through Jesus' death on the cross.

Smart waiters!

Mmmmm, delicious, freshly cooked bacon / vege- sausage baps and crispy croissants, with a cuppa to start the time together

Dogs are always welcome; two came to this service (and enjoyed a nibble of bacon too!]

During this informal service we thought about Mary, Jesus' mother's life through some of the events recorded in the Bible. We even heard again the Christmas story and, along with other songs sang, 'Away in a Manger'. We realised how like us she was in so many ways – with her human joys and sorrows, worries and hopes.

The *Open the Book* team who go into St Teath School, told us of Jesus' love on the cross; how even then, he thought of his mother, asking his friend, John to take care of her.

In our time of prayer – we wrote a name or situation or something we wished to bring to God on a cut-out paper flower, folded in the petals, floated it in a cup of water and, while we sang our next song, saw the 'petals' open, reminding us that God is always with us.

We remembered those Mums we have lost and those for whom this is a difficult day; everyone was given a bunch of flowers as a way of saying, 'Thank you for your caring love'.

The Breakfast Church @ St Teath service is slightly different each month [there are always yummy baps and croissants]. It's informal – still church, but not as you might expect. We follow and explore a theme, in short, bite-sized sections; with music and singing, Bible stories presented in various ways, reflections on what we hear and a time of prayer. Craft activities are available for children. Relaxed right through, there's fun and laughter; we are sure that Jesus was a man of joy and laughter. Everyone is welcome. **Always 10am on the fourth Sunday of the month** – look out for the adverts; it would be great if you came along and shared an hour with us.

A METHODIST MINISTERS' VIEW

The Ukrainian situation is the main item in our television news bulletins and newspapers at the present time and will be for the coming months, as the situation unfolds. Amongst all the news stories of destruction, devastation, and death, however, there are good stories of the ways in which people are responding to the crisis through helping with the refugee situation on the front line, as they are in Poland and Moldova for instance. Also, impressive has been the response to the appeals for funds through such organisations as the Disasters Emergency Committee, and the offers of accommodation for those who have left the war-torn country.

You may have noticed that Royal Mail are now franking our letters reminding us of the on-going appeal for funding. All that most of us can do is to continue with our giving and our prayers for the people of Ukraine.

I have a concern that the emphasis on Ukraine may have a serious impact on the appeals for funds of other organisations. One Week in May is used by Christian Aid for its major funding appeal and this year Christian Aid Week starts on Sunday, 15th May. Of course, Christian Aid is very much involved with the Ukraine, but also has on-going projects in many parts of the World that enable communities to develop by providing basic facilities and education programmes. Imagine living in a village without running water available or having to make use of a small parcel of land and very basic tools to produce food for the family. Such things are still the realities of life for many people in our 21st Century World. For some, these realities are compounded by the impact of climate change. Many of the projects, supported by Christian Aid and other agencies, need funding over an extended period of time to realise their goals, and any loss of funding has consequences for those who live in desperate situations, which we would find difficult to tolerate.

I am also conscious that we have organisations in this county and country which need on-going funding such as our Air Ambulance and the Cornish Hospices. All of this faces us, as we wonder what the future holds for us with increasing energy and food costs. I can only ask you to think on these things and respond as you are able.

Every blessing,

Bryan Ede

ST TEATH RUBBISH RAMBLERS **(Formerly Litter Pickers)**

We meet informally every first and third Thursday of the month 10 a.m. by the White Hart pub. May dates are 5th and 19th. We can always do with new helpers. All are very welcome - please dress visibly with gloves and bring a bin bag. Routes range from short and flat to the longer hilly ones. Already we are having a big impact on the tidiness of our village and lanes. Prize picks so far include a roll of carpet, a single biker's boot!, a swimming pool inflatable, beer holder complete with palm tree, many vodka bottles on the road to West Down and, for one lucky picker two **full** cans of cider on Trehannick Road. Coffee at the Churchtown Café afterwards.

Contact Jonathan Sims on profitpie@aol.com for further details.

FROM OUR COUNTY COUNCILLOR

Most of my division (with the exception of Tintagel) has for the last 12 months been caught up in a moratorium on planning applications imposed by Natural England, who now require all new developments in the River Camel catchment area to demonstrate that they are “phosphate neutral” before planning permission can be granted.

As somebody who has lived and farmed in the catchment for over thirty years and having worked closely with the Westcountry Rivers Trust over that time, I am sadly aware of the deterioration of water quality and on one level I support Natural England in taking steps to address the issue. Currently in England only 14% of rivers are in good ecological condition and 0% are free of chemical contamination – a truly shocking state of affairs. There are two main sources of phosphates in our river systems – agricultural run-off (both soil and fertiliser) and sewage from both developments and sewage works.

My frustration is that this local moratorium is indiscriminate and is currently holding up new affordable housing in the area, while farmers are currently offered voluntary grant schemes to improve diffuse pollution, and South West Water are allowed to discharge raw sewage into the catchment whenever they are unable to cope with volume with impunity.

This should only apply during high rainfall events, however data released by the Rivers Trust shows that in Delabole at the head of the catchment, South West Water discharged sewage into the river nearly 50% of every hour of the day from two storm overflows.

Whilst we all know that it rains quite a bit in North Cornwall, this cannot be justified. What is more, there is currently no identified solution to the new Natural England requirements and as our housing crisis deepens, we remain unable to deliver new affordable housing across a wide area.

Unfortunately, the government have recently rejected a Lords’ amendment to the upcoming Environment Bill which would have forced greater and faster action by our water companies and so this problem is likely to be with us for some years to come.

I hope later this year to organise a Town Hall event to investigate the issue and bring together all of the agencies involved. This will be open to all Town and Parish Councillors as well as residents from all of the parishes around Camelford, Bodmin and Wadebridge.

AN UPDATE FROM GRUMPY MONKEY WOOD-FIRED PIZZAS

We had hoped to be able to resolve the issues with the planning department and the person responsible for complaining about our takeaway pizza business.

We have looked at every possible option and spoken to everyone who can advise us. The planning department have been very helpful and sympathetic to our cause. Unfortunately, as the person responsible for the complaint has not come forward to address these issues directly, we are unable to resolve their concerns and with this in mind, reluctantly we have had to close the doors on the pizza container.

We have met so many lovely faces in our community and beyond, who have done nothing but support us and our pizza-making venture and we thank you all.

We are taking some time out from pizza-making whilst we further explore our options and work out a plan! We very much hope to be serving you again in the future.

Sophie & Ben Broadhurst

*(We were very sorry to hear of the closing down of this popular pizza business and would urge the person who has **complained** to have the courage of their convictions and voice their concerns in the open, so that they can be discussed and resolved to everyone's satisfaction. ED)*

ST TEATH COMMUNITY BUS

We have recently seen a fall in the numbers using the Bus.

This is concerning as our grant from Cornwall Council relies on people using this service. The Bus is there for the community so please use this wonderful asset or we will lose it!

We will be running a special trip to the Screech Owl Sanctuary on Tuesday 21st June. The cost of the trip will be approximately £16 for concessions. The Bus will leave the White Hart at 9.30 and return from the Sanctuary at 2.00pm. If you are interested in this trip please call Mandy Woods on 01208 851346.

The bus is available for private hire by local organisations and private individuals but we respectfully remind anyone hiring the bus that they are responsible for settling the cost of any penalties incurred during their period of hire. The bus is **not** available for hire to commercial organisations. To hire the bus please contact **Di Cox on 01208 850983**.

Any other enquiries regarding the bus contact Mandy Woods on 01208 851346.

Please wear a facemask on the Bus if it makes you feel more comfortable.
