ST TEATH NEIGHBOURHOOD DEVELOPMENT PLAN

In this issue of Timepiece, you will find a preliminary questionnaire that is the start of the process eventually leading to the creation of our NDP. The process is a long one and there will be other opportunities for you to give us your ideas and opinions on different parts of the plan, ending with your vote in a referendum to either accept or reject the plan.

This questionnaire is very important because it will enable the NDP steering group to identify the issues that are most important to our residents. You can fill it in individually or collectively as a family. The opinions of our young people are very important and should be included. After all they are the future.

Why is this important?

Up until now our local community has had very little influence when it comes to development in the Parish. Once the NDP is in place, this will change. Any development will be subject to the plans laid down in the final document. If you look at the list on the questionnaire, you can see the plan need not be exclusive to building development, it is intended to become a plan for the future betterment of our whole community.

So here is your first chance to have a say in all our futures. Please take the time to complete and hand in your important opinions.

BOB FOX & KERRI KITTO - joint leaders NDP working party.

The Neighbourhood Development Team invite all 11-19 year old's to a Pizza Evening on Friday October 8th at 7.00pm in the village Community Centre.

You will have a brief introduction to the plan and a chance to complete a specially designed questionnaire in order to get your views and ideas about the future of your village. Grumpy Monkey pizzas will be provided !

We will be looking forward to seeing as many of you as possible.

The NDP team.

A budding scientist's exam answers:

A: Small with large beard, sometimes carries an axe

Q: Give two properties of a diamond

A: Being forever. Being a girl's best friend.

Q: Name two of the gases that make up the earth's atmosphere.

A. Farts and clouds.

Q: What is meant by the term 'radioactivity'?

A: Exercising to music.

EDITORIAL

After a summer break, Timepiece is back, ready for the start of a new season and with a new way of telling you, the readers, about everything that is happening in the village.

We must hope that the worst of the pandemic is behind us and that, with a little judicious caution, life can return to something resembling normality. Clubs are meeting again and we have had the first events of the season - the Village Show (and coffee morning) and the Macmillan coffee morning. Hopefully, these will be the first of many and we want to tell everyone about them.

Timepiece has always tried to report on events that have happened but now we want to start looking forward to what is planned for the months ahead. If you are organising a fundraiser or an outing, a celebration or a fun event, we want to hear from you. Whether it is a pantomime, Christmas lights or a Hallowe'en celebration - tell us about it and we will tell the village. We can follow your progress as you plan, perhaps include photos and, of course, feature the event when it happens.

Pupils can enjoy school and pre-school life to the full again and the Timepiece team is looking forward to devoting space to the children and their activities during what will undoubtedly be an exciting term with contributions from the staff and from the children themselves.

We want to involve everyone of all ages and all interests.

It may not be January 1st but we see this as the start of a new year with a new resolution - look forwards, not back.

Now it's up to you. You tell us - we will tell everyone else.

BARBARA STRACHAN

DON'T LOOK BACK - YOU'RE NOT GOING THAT WAY

OUR NEW HEADTEACHER

My name is Dan Kay and I feel extremely privileged to join St Teath School and community as the new Headteacher. My visits to the school and village have shown what a unique and welcoming place it is and I cannot wait to get started working with you all.

I grew up in Cornwall, in Par near St Austell and still live there, having studied for teaching in Chester. Prior to joining the St Teath team, I taught and led in six schools, where I have been Head, Deputy, SENCO and in School Improvement. Leading a village school is where I've been happiest because of the community involvement.

Away from school, sport is my main passion, having played football, rugby, cricket and squash. I am a season ticket holder at Plymouth Argyle. I also love watching the Cornwall rugby team. A belief of mine is that there is a sport for everyone and that it's a great way of socialising and learning life skills. I also enjoy going to gigs and walking our wonderful Cornish coastline.

It is my belief that children learn by experiencing and I want to provide our children with memorable experiences not only in the classroom, but in outside areas, in the local community and beyond. I shall be keen for the school to involve itself fully in village life wherever it can.

I truly believe that I have joined St Teath at an exciting time and will do all I can to enable the school and community to continue to thrive and develop.

St Teath Preschool

We are already into our Autumn term and have had a very busy start to the year, settling the children back after the summer holidays and welcoming lots of new children and families! The children have all been absolute superstars and it has been a pleasure to be open again after the break. Both classrooms are filling up quickly so do get in touch if you would like a space for your child.

Special thanks:

During the summer the staff worked hard to freshen up both classrooms, as well as the playground which is undergoing the construction of an exciting new undercover area for the younger children to enjoy. A big thank you to William Stewart for his building works in dismantling the old shed and erecting the new shelter.

St Teath and Delabole Parish Council made a kind donation towards new furniture for the pre-school, this has helped hugely with the costs of the new shelter and two new sheds, as well as the purchase of some new balance bikes and scuttle bugs for the children to ride on. The remaining money will go towards the purchase of some new wooden tables and chairs for the 'Busy Bees' Room.

Learning:

This term our topics are 'All About Me', as well as taking part in our worldwide postcard exchange with preschools around the world, while learning about different cultures, families, houses etc. We are also looking at 'All Things Autumn' including Harvest festival, learning about the seasons, plants and animals.

Fundraising:

Our regular Bag2School fundraiser brings in much needed funds and is usually a great success! If you have any second hand, good condition clothes, shoes, belts, hats, handbags, ties, or soft toys- these would all be gratefully received at our collection on Monday 11th October.

Keep your eyes peeled for information about this year's Halloween Fundraising event!

EasyFundraising- You can help to raise funds for the preschool at no extra cost to yourself simply by downloading the EasyFundraising app and selecting St Teath Pre School as your cause. Whilst doing your online retail shopping, simply access the sites via the app and a percentage of any sales are donated by the retailer to the preschool! This includes M&S, Argos, Amazon, John Lewis, Sports Direct and many more! A huge thank you to those of you already in support of this.

Committee:

The preschool is actively seeking out new committee members to join the friendly team of volunteers, without whom the setting is not able to operate. We welcome any new faces and have a range of exciting and rewarding roles to offer anyone that would like to volunteer their time towards fundraising and other aspects of supporting the preschool

If you would like more information about the Preschool, including child spaces, or would like to volunteer your services, please contact us on 01208 851548 or email stteathpreschool@talktalk.net

The TTAT

This is the TTAT - the **Tony Thompson Apple Tree**. It's now just over a year since Tony left us and this tree has been planted in his memory, on the triangle of land outside the bungalow where Tony lived for over forty years.

It's a dessert apple tree that will grow to 5m - a *William Crump* (that came originally from Worcestershire not far from where Tony was born) It should bear lots of fruit that hopefully villagers will enjoy and remember him.

I shall put a little slate plaque on it and the wooden border, that was salvaged from Tony's, has been placed around it, so that it does not get damaged by the strimmers.

Marc Hunt

SHAME ON YOU !

To whoever left this green plastic bag of (presumably) dog excrement wrapped up by the church porch gate on Saturday 7th August, you should be ashamed. Not only is this consecrated ground, used frequently by those seeking to undertake private prayer, but it is also a historic civic amenity enjoyed by the great majority of the village. Why would someone bother to wrap it up and then deposit it in such a sacrilegious manner? Shameful beyond belief.

PATRICK MEWTON

Several villagers have contacted us to complain about irresponsible dog-owners who fail to clear up after their pets, especially outside the flats in Trevilley Lane, causing problems for the elderly residents. Would the guilty person (s) please show some care and consideration and bear in mind that this is an offence incurring penalties if reported? (ED)

SCIENCE

We all know the law which states that a buttered slice of toast when dropped will always land buttered side down – unless dropped expressly to prove this law. But have you heard this one?

A research scientist dropped a piece of toast on the floor and was astonished to find it landed buttered side up. He took the toast to a colleague and asked him how on earth this happened. The colleague thought for a while and then came up with the answer: "It's easy," he said, "You must have buttered it on the wrong side."

THE ST TEATH JOYBIRDS - commonly known as JB's

The JB's had a bit of a shaky start! This new group of ladies was formed back in January 2020 when 35 joined up and agreed a Mission Statement. The group was formed to promote friendship; further learning opportunities and new skills; take part in a variety of activities and support any charitable organisations they saw fit.

There was a full year's programme of events lined up. In February 2020 we had a very informative talk on the work of St Petroc's by Dave Hunt; and in March 2020 Yvonne presented an evening of 'her travels' which made for a fascinating evening. Then COVID struck and everything else had to be cancelled, although we did manage to arrange a few meetings outside for coffee and cake, when government directives and weather allowed, and shouted at each other across a great divide!

On 17th September 2021 we finally met indoors and we had our first cautious get-together in the Church Hall for tea, coffee, a little wine, a little food and a lot of talking. For the foreseeable future we are going to have to meet in the Church Hall as it is more spacious and we cannot afford to take risks with too many people crowding into the Community Centre. Future meetings will be in the afternoon as the Church Hall is quite heavily booked in the evenings.

When plans have been finalised we will post further news of meetings and events. If anyone is interested in coming along please contact Lynne Beavis on 01208 851277 or email me for details on lynnebeavis@btinternet.com

VILLAGE SHOW COFFEE MORNING

The Village Show Committee would like to thank everyone who came along to our Coffee Morning. The turnout was amazing considering the troubled times we live in.

We raised a marvellous £368.35 from the Raffle, sales of Cakes and Savouries and of course teas and coffees. Added to this is the £123.00 raised by the raffle at the Show itself.

Your amazing generosity ensures that your Village Show will continue year after year.

30TH ST TEATH VILLAGE SHOW

7

It was with some trepidation that the Village Show Committee waited for entries to arrive for the Show. The day before closing date we had just 6 entry slips, nails were being bitten down to the quick and lots of pacing took place. However we needn't have worried, our wonderful Villagers did not let us down, by the close of staging on Saturday morning we had a total of 63 entrants and 463 exhibits across the 100+ classes.

The quality of exhibits was outstanding in all areas, sadly we were not able to give the School and Pre-School enough time to arrange entries but we did have some Children enter. This year we had a new trophy (The Bev Short Cup) for most points in Pre-School classes, this could not be awarded due to no entries from Pre-Schoolers being received. However we look forward to handing it out next year.

It was good to see some new entrants picking up Trophies this year too, Kevin began the Trophy presentation by thanking everyone for all their hard work in getting the Show organized in such a short time. He thanked the Joybirds for the delicious lunch, the Timepiece for delivering the schedules, stewards, judges and recorders and everyone who helped with setting up and dismantling, and the exhibitors.

Kevin went on to thank David Jasper (President) for all his hard work over the last 30 years and presented him with a small token of thanks, he also presented a bouquet of flowers to Lorraine remarking that it was rather like taking coals to Newcastle.

PAUSE FOR THOUGHT

As I write this in the fading sunlight of a balmy late summer / early autumn evening, it is hard to imagine that by the time you read this autumn will be well and truly established; the nights will be drawing in and the days will be noticeably shorter. There are elements of both sadness and joy in this repeated cycle of the seasons. Sadness as we regret the loss of the warm summer weather and the long hours of sunlight, but joy at the wonderful way in which the turning of the seasons reflect the cycle of our lives on this unimaginably beautiful planet which we inhabit.

Late September and October are the times when the church celebrates the bringing in of the harvest in our harvest festivals. These simple services of thanksgiving for the provision of the very essentials of life can take various forms. Some of the best harvest festivals I ever attended were when we lived in the Pennines, some 1200 feet above sea level, almost on the boundary between Lancashire and Yorkshire. One of the local farmers used to make his large barn available for the event and it was a real family occasion. Hay bales would serve as pews and the vicar would have to shout really loudly to be heard above the squeals of delight from the children running happily amok while their parents, wrapped up in coats and scarves against the Pennine weather (it can easily snow in October), looked on benignly, content so long as the vicar was content to preach the Gospel as best he could in the merry chaos.

And yet, it probably didn't really matter if the vicar's, no doubt profound and carefully crafted, words could be heard or not. And it didn't matter ~ indeed it was a positive bonus ~ that we were not assembling in the parish church, architecturally splendid as it was. What was most important about those events was that we came together as a local community, husbands, wives, children, young lovers, grandparents, lonely widows and widowers, singletons, and uncle Tom Cobley and all to celebrate being a community; to celebrate the next generation playing raucously among us; to celebrate the turning of the seasons and the simple fact that the earth, this earth, miraculously provides for our every need. Those of us who were believers no doubt took comfort in the vicar's assurance that we owe all this to God: but not everybody joining in the harvest celebration was a confirmed believer. Some, no doubt, held the view that the evolutionary biologists have it right and that billions of years of random chance found us all together celebrating the harvest without which we would be unable to survive. Some probably never gave a moment's thought to why the cycle of life is as it is. But, on such occasions, such differences between us are subordinated to the simple joy of gathering together with friends, acquaintances and neighbours in recognition of our shared dependence on and deep human need to express our gratitude for the harvest and all the good things that this life has to offer us.

Are we in danger of losing traditions such as these? Or are we still capable of coming together in our local communities to recognize that whether we give our thanks to God, the universe or just blind chance, we all have something to be thankful for and that the best way of expressing this is together, men, women and children, all in their own way celebrating our lives and the fact that this wonderful planet, with which we have been so careless, is both our home and our means of survival. So let us give thanks this harvest time, either individually or in groups together, and let us reflect that perhaps, just perhaps, that country vicar shouting to be heard above the joyous din in that Pennine barn may have had a point when he said that all this plentiful and life-giving eco-system was brought into being and is sustained in place from day to day by a God who so loved the world that he gave his only Son that we might have life and have it abundantly.

A METHODIST MINISTER'S VIEW

The first Foodbanks came into being in 2008. It now seems that they have become an accepted part of our 'Caring Provision' in local communities alongside Community Kitchens and Community Larders. This fact came home to me a few weeks ago when I was reading an article in our West Country daily newspaper advising those struggling with debt or without enough money to make ends meet. Part of the advice was to seek help from agencies that could refer them to a local Foodbank. The existence of Foodbanks is a commentary on life for many in our country – the fifth richest country in the World.

A few months ago, I heard two stories of people who were going into the fields of our market gardeners to clear some of the unpicked crops and pass them on to local Foodbanks. One of the stories emanated from West Cornwall and involved the picking of courgettes, and the other from Norfolk where rhubarb was being picked. This situation, too, is a commentary on our current economic and political situation.

The word used for this type of crop gathering was 'gleaning', which is defined in my dictionary as 'picking up produce left by harvesters or reapers'. As soon as I hear the word 'gleaning' I think of the book of Ruth in the Old Testament - one of the two books in our Bibles named after women. The story brings to the fore two issues which are still part of our current news, although written some 3,000 years ago. Ruth was born in Moab, a country that welcomed people from another country – Judah. There was a shortage of food and the Judean family moved to Moab, were welcomed, and settled there. The sons married Orpah and Ruth who were Moabites. After some time, Ruth moved back to Judah with her Mother-in-Law, after the death of her husband and two sons. In Judah Ruth was welcomed and went 'gleaning'; for the needs of her Mother-in-Law and herself. Ruth also married again to a Judean..

This 3,000-year-old story hopefully causes us to think about our attitudes to the contemporary issues of poverty and migration (or immigration). The responses to the issues in the Book of Ruth involved welcoming and providing, and the New Testament dimension would add loving to the responses. Food for serious thinking!

Every blessing,

Bryan Ede

TINTAGEL MALE VOICE CHOIR

At last! I am now able to bring you news about the choir. We have resumed rehearsals in Tintagel Methodist Church (albeit with social distancing!) Unfortunately we have been unable to bring you our season of Summer Concerts in Tintagel, but

a joint concert with Bude Community Gospel Choir is arranged for

Sunday, 3rd October, in Bude Central Methodist Church at 3pm.

The long period of lock down has seen the retirement of several of our members from all sections, especially the Basses, where we have lost five voices. So the plea goes out to anybody out there who feels they would like to come along and sing with us. We practise on Tuesday nights at 7.15pm in Tintagel. You can come along and just sit and listen, if you want to get the feel of it, then see if you would like to join us. No auditions, reading music not essential - just a love of singing and being part of a friendly group of like-minded men. We have 'open evenings' starting on Tuesday, 19th October - see below.

Some sad news. Alan Dawe, a much loved and extremely talented musician, died a month ago, after a long period of ill health. Alan served with two choirs: with us at TOMVC for ten years, as accompanist and stand-in Musical Director until he retired four years ago. He was also Choir Master and Organist at St Teath Church, again for about ten years, where he carried on after his heart attack, until his retirement from the church choir last May.

On Sunday, 8th August both choirs were able to perform at a musical tribute to Alan, which was very much appreciated by both the audience and singers at St Teath Church. Donations received for Cancer Research amounted to £340. Alan was a good friend to me over the years, always happy to help me with my music, even helping me to make my own CD for charity (Guide Dogs for the Blind) He will be greatly missed by everyone who knew him.

JOHN THEOBOLD. TOMVC Member. 01840 213558.

OPEN REHEARSAL

Tuesday 19th October

And every 3rd Tuesday in the month

We sing a varied, rich & diverse range

Of music – something for everyone.

Why not come along and try out?

The St Teath Neighbourhood Development Plan will be part of the planning strategy for Cornwall. Once completed, it will have the same status of all other planning strategies and its formulation will allow our community to shape the development of our neighbourhood.

Everyone in the village will have the opportunity to play an active part in making the decisions which will establish a secure and positive future for all members of our community.

This questionnaire is the first very important part of the process. Questionnaires can be filled in by all members of the family, young or old.

There are no right or wrong answers. **Your thoughts and ideas are what matter.**

Please give us an idea of your age. Underline as appropriate.

Are you: **BELOW 20,** **20-40,** **40-60** **Over 60**

Question 1. Do you think that the local community should be involved in the planning process ?

YES/NO

Please explain why you feel this way:

.....

.....

.....

Question 2 What do you like/enjoy about living in St Teath?

.....

.....

.....

Question 3 What is not good about living in St Teath? What changes are needed?

What could be improved?

.....

.....

.....

Here is a list of planning policies that can be part of an NDP. Please tick those you would like to see included and put a cross by those you think should **not** be included in our plan:

	Yes/No		Yes/No
Wildlife		Type of housing	
Landscape		Housing numbers	
Historic heritage		Type of housing	
Open spaces footpath etc		Location & distribution of development	
Recreation & leisure facilities		Second homes/Holiday homes	
Community facilities		Transport/traffic	
Renewable energy		Economy /jobs	
Housing design		Education/skills	

When complete, please return the questionnaire by **Saturday 16th October**.

You can do this by handing it to one of the following:

Bob Fox, Kerri Kitto, Gerald Blewett, Fleur Tempest, Neville Turner.

Tracy Kingdom, Willie Kitto, Tanya Banks, Darren French.

Or you can place it in one of **the collecting boxes** which will be in **Churchtown Café and The Village shop**.

The report of the questionnaire will be published and made available in Timepiece. Copies will be available in the White Hart, Churchtown Café, the Church Porch and on the Council notice boards.

IF you would like to be involved in the production of the NDP either as a member of the steering group, providing specialist skills and knowledge, or helping with consultation and community engagement (talking to people) then please leave your contact details below:
